Handyman Service in Rock Hill

Matthew Vander Els

Quick repair job on my stair railing. They were professional, polite, and a good value. They arrived on time and were very responsive. Glad to know there is a good handy man serving Rock Hill, Tirzah, York, and Fort Mill areas. THANKS GUYS!

I had Handyman Service in Rock Hill remodel our master bathroom as well as change our cabinets out in our kitchen. We have lived in Rock Hill, near Winthrop University, for 18 years now and this is the first big renovation we have chosen to do. We tried calling a few places, but David was the only one that actually picked up the phone! Not only that, he

David was very professional and definitely has the experience we were looking for to complete the kitchen remodeling we started. He did the custom tile countertops we wanted as well as built us an island in the middle of the kitchen. My wife loves it! Handyman Service in Rock Hill is our recommendation for anyone looking for handyman work or construction projects around their home.

David was so responsive, picking up the phone on the first ring and scheduling an estimate for that very afternoon! He started work on our bathroom remodel and taking care of a rotten piece of wood on our home. We highly recommend handyman service in Rock Hill for anyone looking for an experienced construction contractor who knows great customer service!

Very responsive to my initial inquiry. Arrived on time at appointed time. Very knowledgeable of the problem. Visited hardware store for supplies. Installed ceiling fixture and cleaned area. I am very, very satisfied!!

I needed to get an above range microwave installation and a handy man I am not. That and my porches ceiling fan needed repair. That resulted in a new fan installation. Some-what simple tasks like fixing drywall holes or TV mounting are not simple for someone without the skills to do the competent work I like done. And I wouldn't trust myself.

This company did a fantastic job with my home. Justin came by and repaired all kinds of things I needed done for a great price. He was polite, friendly, and very professional. I live in Newport, SC near Rock Hill, SC, so it is nice to have a handyman company that will drive to my home. Thank you guys! I highly recommend using this company.

After calling multiple contractors in the area, I called handyman in rock hill and Calvin was so professional and polite! He came by, gave me a quote, and started work the same day. I was super impressed because they work he did was such a great value. I highly recommend handyman in rock hill. I live in Newport, SC and they came all the way out to help with my water fixture replacement after a freeze. Thanks again guys!

I love supporting small businesses in the Rock Hill, New port, Indian land area! I needed some small work done at my house along with a tv mounted in my living room. I had an older TV that was mounted, but my new LG TV was simply too big for my old wall mount, and thats the way I like it. Mike came out, quoting me on a tv mount service and also to clean my gutters which had not been cleaned in about 3 years. Yeh, I'm that person. He started the work immediately! SAME DAY! I was so impressed as I have not worked with any other handymen in the area that could do that. The TV mount looks amazing, perfectly level with minimal dry-wall damage. After that storm yesterday, I am super glad he cleaned my gutters as well . THEY WORK GREAT NOW! All I can say is Handyman in Rock Hill was an amazing experience and I would recommend them for all of your home repair needs if you live in Rock Hill, York, Indian land, or Fort Mill. I think they drive to Lesslie as well. Anyway, thanks for the great experience and I look forward to using you and your services again!

D&S did a fabulous job putting together the gazebo I purchased from Wayfair. When I reached out to them they were incredibly knowledgeable about the product (turns out they had previously put the same model together and sent me pictures!) They quoted me a fair price, provided a full team of people (the project needed 4-5 to lift the gazebo up). The owner personally spoke with me about the company throughout the day and his main person was incredible kind, friendly, and nice to have around. The whole team were the utmost professionals. I had a wonderful experience having them on my property for the two days. The final product was wonderful. They made sure to get every little touch perfect. They cleaned up the job site, hung the mosquito net, and moved the patio furniture back to its proper places. I would highly recommend!!! 5 out of 5 stars! his main person was incredible kind, friendly, and nice to have around. The whole team were the utmost professionals.
